PROFESSIONAL SUMMARY

Full-stack developer and Computer Science professional with proven experience delivering production-ready web and mobile applications using React, React Native, Node.js, and SQL. Recognised as a top performer in a structured software engineering role, with hands-on experience leading Agile ceremonies, integrating RESTful APIs, and producing technical documentation. Holds four Oracle Cloud certifications earned in 2025, demonstrating a commitment to continuous, industry-aligned upskilling.

TECHNICAL SKILLS

Languages	Java · JavaScript · TypeScript · HTML · CSS · SQL · Python
Frameworks & Tools	React · React Native · Node.js · Express.js · Tailwind CSS
Databases & DevOps	MySQL · PostgreSQL · Docker · Postman · Git
Practices	Full-Stack Dev · RESTful APIs · Agile/Scrum · Testing · Technical Docs
Cloud & Analytics	Oracle Cloud Infrastructure · Data Science · Generative AI
Soft Skills	Problem Solving · Team Collaboration · Communication · Microsoft Office

PROFESSIONAL EXPERIENCE

Junior Software Developer

July 2025 – December
2025

Informatics Community Engagement Programme (ICEP) · Tshwane University of Technology, Emalahleni

- Designed and delivered a full-stack **Smart Events platform** that digitised campus event management — covering venue bookings, attendee registrations, and automated communications — eliminating manual administrative processes.
- Built responsive web interfaces with **ReactJS** and cross-platform mobile screens using **React Native**, ensuring a consistent user experience across web and mobile devices.
- Engineered and integrated **Node.js RESTful APIs**, enabling reliable, real-time data exchange between front-end and back-end systems.
- Authored comprehensive system documentation and maintained up-to-date technical records, supporting team knowledge transfer and future maintainability.
- Led end-to-end **testing cycles**, identifying and resolving defects prior to deployment to improve overall software reliability.
- Served as **Scrum Master** during the MAISH Hackathon, coordinating sprint planning, daily stand-ups, and cross-functional team deliverables under time pressure.
- Awarded **Top Frontend Developer** recognition for consistently delivering high-quality, cross-platform prototypes ahead of project milestones.

EDUCATION

Advanced Diploma in Computer Science

2026 – Present

Tshwane University of Technology

Diploma in Computer Science

2023 – 2025

Tshwane University of Technology

Relevant coursework: Software Programming · Mobile Device Programming · Database Design · System Analysis

National Senior Certificate

2019 – 2022

Curro Academy Soshanguve

Mathematical Literacy (Distinction) · Computer Applications Technology · Business Studies

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 – **Certified Data Science Professional**
- Oracle Cloud Infrastructure 2025 – **Certified Generative AI Professional**
- Oracle Cloud Infrastructure 2025 – **Certified AI Foundations Associate**
- Oracle Cloud Infrastructure 2025 – **Certified Developer Professional**
- HackerRank – **SQL (Intermediate)**
- freeCodeCamp – **Back End Development and APIs**
